

On the Subject of USA Maze

The United States of America: where easy video games come from.

This module displays a display which shows the start and end states of the maze and the state you are currently at in the maze. Use the map and the abbreviation table below to find the correct path. Use the shapes to the module to cross boundaries between adjacent states. If you pressed a shape that is not on the border of the state you are currently at, a strike will be recorded.

Black lines represent borders you cannot cross, while white lines represent borders you are allowed to cross. Once you get to your destination state, the module will be solved.

Abbreviation Table

AK Alaska*	AL Alabama	AR Arkansas
